

15 October 2020

Dear Parents and Caregivers

Welcome back to Term Four. A term full of exciting events and significant road works. It will be fun.

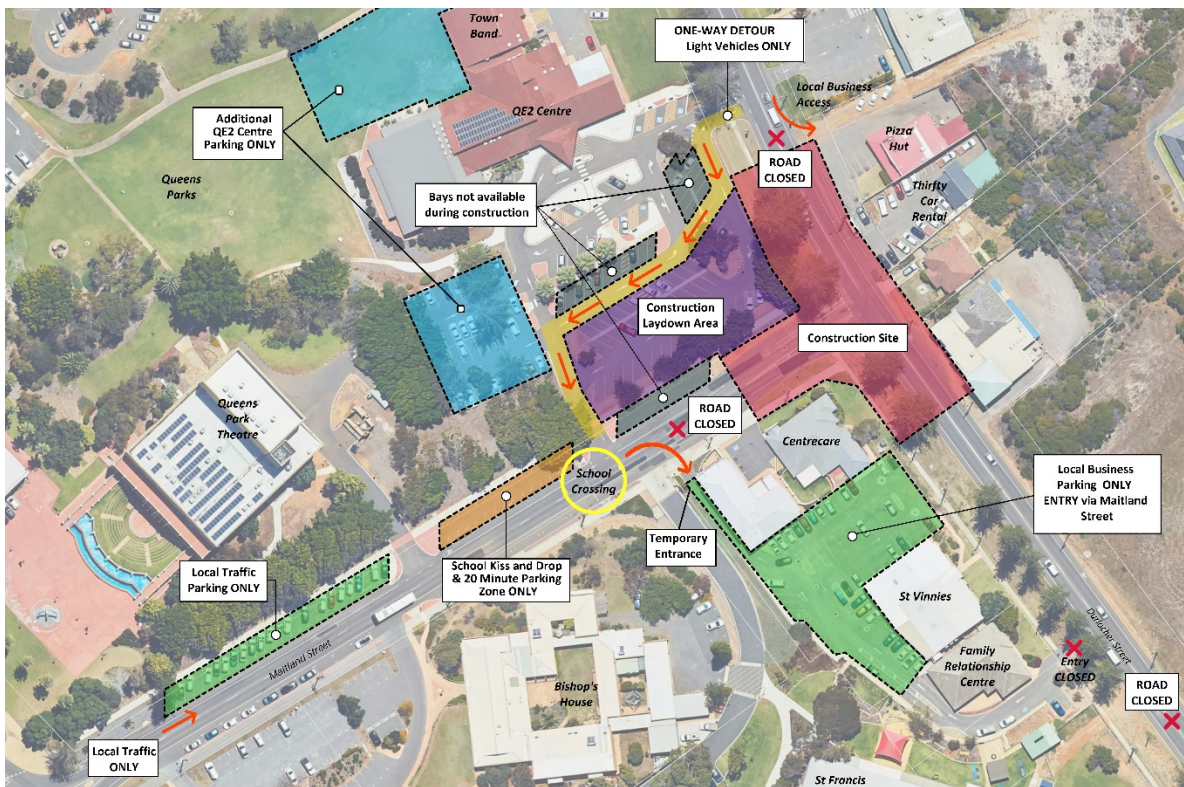

### Maitland and Durlacher Intersection Roundabout

It is going to be disruptive but consider it as an opportunity. An opportunity to drive a different route each day. A chance to park in a different location away and walk with your child. A talking point. Importantly, this is an opportunity to revise road safety practices. Increased traffic congestion may occur and ensuring the safety of children arriving and exiting is our collective responsibility.

Works commence **Monday October 19<sup>th</sup>** and are scheduled for 6 weeks. The map below indicates road closures, changes to traffic flow and alterations to parking. The City of Greater Geraldton, CentreCare and St Vinnies have asked parents not to park in the QE11 or St Vinnie's carpark as these are utilised by Senior Citizens and Private Businesses.

For more information on the project, including the roundabout design, visit the City's website [here](#)

The City has also produced a newsletter regarding the project. You can read/download the newsletter [here](#)

It will be disruptive, but the end result will benefit not only our school but the City of Geraldton. I encourage families to prepare in advance to ensure student safety is maintained.

Regards

Ben Doyle  
Principal
